

## **There are two options to complete this online course.**

### **Option 1**

You may take the course for \$25 as an individual online (non-refundable). If you took the individual course, you would utilize previously recorded Youtube Videos and complete the modules at your pace.

The modules keep you on a good pace. To complete the course you must finish 10 quizzes, the final exam, and complete an exit interview with your course instructor.

Typically folks can finish in a month.

Please email your resume and complete a statement of why you want to be a pharmacy technician to: Alabama Pharmacy Tech [alabama.pharmacytech@gmail.com](mailto:alabama.pharmacytech@gmail.com)

### **Option 2**

You may take the course through Lawson State Community College as an online class.

Through Lawson State Community College you will have 8-10 sessions online with instructors.

To complete the course you must finish 10 quizzes, the final exam, and complete an exit interview with your course instructor.

Please email: Pharmacy Tech Program [pharmtechnoncredit@lawsonstate.edu](mailto:pharmtechnoncredit@lawsonstate.edu)

### **Course Completion**

\*\*\*You have 90 days from payment to complete the course online. Cost of attendance is non-refundable.\*\*\*

---

—

**The course satisfies the Alabama Board of Pharmacy regulation that pharmacy technicians must show proof of completing a board approved course or become certified within six months of their initial registration with the board of pharmacy.**

Please review this regulation: <https://albop.com/technician/>

—

**Please review the Alabama Board of Pharmacy website prior to payment. And please understand that this course merely satisfies the Alabama Board of Pharmacy requirement.**

—

This course should not be utilized to fulfill the standards for becoming a PTCB Nationally Certified Pharmacy Technician. Please review the following link.

<https://www.ptcb.org/credentials/certified-pharmacy-technician#prepare-apply>

This course only fulfills the ALBOP rule. To become a PTCB nationally certified technician you would need to follow PTCB's "Pathway 2"

- *Pathway 2: Equivalent work experience as a pharmacy technician (min. 500 hours). This alternative secondary path serves experienced technicians who were not in a position to attend a PTCB-recognized program. PTCB accepts work experience across pharmacy practice settings that pertains to certain knowledge requirements.*
